MEMO ENDORSED

MOTION

Comes petitioner Pedro Jaramillo acting pro se and files this motion with court.

Petitioner filed a motion to vacate (28 USC § 2255) on May 5, 2020.

The court ordered US government to file a response to petitioner's motion within 60 days of order, but yet the government not filed an answer to petitioner's motion, giving them an extension of 60 days on June 30, 2020.

The government having disowned the order of this court should be precluded from opposing petitioner's motion and proceed as the motion fully submitted to court's consideration.

The government not having any evidence to oppose the grounds of the motion, this court should grant the motion based on the allegation of the motion itself.
